

## OPERA

Opera ain't exactly  
my cup of tea.  
Alone, traverse  
radio dial &  
finding nothing  
better listen.

## LADY TRUTH

On tiptoes  
breath tucked  
deep in chest  
eyes peeled free  
from thought hope  
to surprise her  
catch her  
in all her  
naked glory.

## PICTURE WINDOW

Watched another tragedy  
on NBC last night.  
Thousands of citizens  
are starving in Uganda --  
mostly babies. Footage  
of naked, bellie bloated  
little boy too weak  
to break & eat  
high protein cookie  
(provided by British)  
stunned me & got  
me thinking nervously  
about my good life  
& accounts yet  
to be settled.
